Our language.

Our language reflects our lives. If a person has a bad vocabulary and doesn't properly know a grammar, he probably is lazy and hate studying.

From my point of view, every person should be smart because it can help him or her in the future.

For example, a boy who was a bad pupil in a school, will not be a rich man, when he'll work as an employee. This boy doesn't have good marks and he cannot go to university. Also, a girl, who cannot speak properly and beautifully, maybe, will take a worse job than a girl, who can speak smartly.

As for my experience, I have met plenty of people who use their native language incorrectly. For instance, my niece

Q1 always speaks rudly and straiely
she behaved very impolite on my last
birthday. When we were cutting a cake
she has grabed the biggest pice and
hasn't say congratulations for me. Be-
sides, my history teacher has a bad
vocabulary and it's very difficult and
uncomfotable for me and my classmates
to listen to her lessons. That's why
I think, that improving and developing your
language is an important thing for
everybody.

In conclusion, I would like to say
that there is a lot of people, who
speak incorrectly. They should be
more active in learning their native
language. There is no doubt that
language is a worthwhile thing to
think about.
