

The best Traveling club.

Hello, guys! I want to invite you to our Traveling club which is called "Little elephant". I think "Little elephant" is the best traveling club in the world, because we are traveling absolutely for free (you only need to have a big heart and smile on your face and help us with something we are need in).

Because we have:

- the best group ever, where you will be always loved!

- a great big powerfull yellow bus, which is so cool and funny to drive!

I think that everyone will like our club named "Little elephant", as I already said you only need to have a big heart and smile on your face, never give up and of course, you have to be filled up with positive energy and with a great interest about sights, nature, places of interest and at least traveling.

Every Wednesday we leave our ^{home} mother-town and drive to the nearest towns;

sometimes much-much further. For example, this week we were in village Ivanovka, and next week we are planning to visit Habarovsk. Every day from 13:00 till 15:00 we are discussing places to go in the 19th cabinet.

Dear friends, if you are interested in our club, and I determined you are, you can call me to ask all your questions (here's my phone number: 04-14-58-392) or just come to the 19th cabinet from 13:00 till 15:00. We will be glad to see you.

Bye-bye, have a good day!
